SNEHAL HAJGUDE

Full Stack Java Developer

Pune, Maharashtra | +91 9356801408 Email-snehalhajgude262004@gmail.com LinkedIn GitHub Portfolio

Professional Summary

M.Sc. Computer Science student seeking an entry-level Java Developer or Full Stack Java Developer role. Familiar with Core Java, object-oriented programming, JSP, Servlets, JDBC, Hibernate, Spring Boot, REST APIs, MySQL, and React.js. Experienced in developing web projects with database connectivity, reusable UI components, and responsive layouts. Eager to contribute to software development projects and build maintainable applications.

Technical Skills

Programming Languages: Java, JavaScript
Core Java Concepts: OOP, Collections Framework, Exception Handling, Multithreading, (DSA).
Backend Technologies: JSP, Servlets, JDBC, Hibernate, Spring, Spring Boot, RESTful APIs, MVC Architecture
Frontend Technologies: HTML5, CSS3, React.js, Redux, Bootstrap, Material UI, jQuery
Database: MySQL
Tools: Git, GitHub, Eclipse IDE, Visual Studio Code, Apache Maven, Apache Tomcat, MySQL Workbench
Soft Skills: Problem-Solving, Communication, Teamwork, Adaptability, Time Management, Attention to Detail

Projects

Mr. Snowman – Ice Cream Parlour Management System GitHub
Technologies: Java, JSP, Servlets, JDBC, MySQL, HTML5, CSS3, Bootstrap

- Developed a web-based ice cream parlour application to support customer interactions and order-related functionality.
- Implemented separate customer and administrator login flows with role-specific access to application features.
- Connected the application to a MySQL database using JDBC and created responsive pages with HTML, CSS, and Bootstrap.

Koad Bistro – Food For Your Soul Live Demo | GitHub
Technologies: React.js, JavaScript, Bootstrap, HTML5, CSS3 .

- Built a restaurant website using React.js with reusable components and props for passing data between components.
- Developed responsive page layouts using Bootstrap, HTML5, and CSS3 to support different screen sizes.
- Used JavaScript features, including Promises and async/await, for asynchronous operations.

Experience

Motion Cut **Dec 2024 – Jun 2025**
Frontend Developer Intern *Remote*

- Completed a six-month frontend development internship, gaining practical experience in website development and debugging.
- Worked with React components to support reusable UI structures and improve code organization.
- Developed and refined responsive web interfaces using frontend technologies.

TCS iON **Mar 2025 – May 2025**
Remote Intern – NLP Project *Remote*

- Completed a 125-hour internship project titled "Automate Detection and Recognition of Grammatical Errors."
- Applied Natural Language Processing (NLP) concepts to grammatical error detection and recognition, text analysis, and language processing.

Education

M.Sc. Computer Science **Expected 2027**
Vishwakarma College of Arts, Commerce and Science (VCACS) *Pune, Maharashtra*
Current SGPA: 8.73/10

B.Sc. Computer Science **2022 – 2025**
Vishwakarma University *Pune, Maharashtra*
CGPA: 6.71/10

Certifications

- Full Stack Java Developer View Certificate
- Big Data Analytics – Advanced View Certificate
- Machine Learning for Real World Application View Certificate
- Generative AI View Certificate
