Snehal Hajgude

Software Developer

(+91) 9356801408 snehalhajgude262004@gmail.com snehalHajgude Snehal2004 Portfolio

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript .
- **Backend Technologies:** JSP, Servlets , JDBC , Hibernate , Spring , Spring Boot , RESTful APIs , MVC Architecture.
- **Frontend Technologies:** HTML5, CSS3, React.js, Redux, Bootstrap, Material UI, JQuery
- **Database:** MySQL
- **Tools:** Git, GitHub, VS Code, Eclipse IDE , Apache Maven , Apache Tomcat , MySQL Workbench .

SELECTED PROJECTS

Koad Bistro – Food For Your Soul | *React.js, JavaScript, Bootstrap, CSS3, HTML5* **Live — GitHub**

- Engineered a React project **implementing component reusability** and **dynamic data handling through props**.
- Developed modular, component-based structures, increasing **scalability by 40%** and **maintainability by 45%**.
- Leveraged asynchronous JavaScript **(Promises, async/await)** to optimize **API performance** and **improve data loading efficiency by 35%**.

Mr. Snowman – Ice Cream Parlor | *Java, JSP, Servlets, JDBC, MySQL, HTML5, CSS3, Bootstrap* **GitHub**

- Developed a full-stack ice cream parlor web application using **Java, JSP, Servlets, and MySQL** to manage customer interactions and orders.
- Implemented **role-based login for customers and administrators**, enabling separate access to customer and admin functionalities.
- Integrated **MySQL database connectivity** using JDBC and designed a responsive user interface with **HTML5, CSS3, and Bootstrap**.

EXPERIENCE

Motion Cut **Dec 2024 – June 2025**
Frontend Developer Intern *Remote*

- Successfully completed a **6-month Frontend development internship**, enhancing coding efficiency and debugging accuracy by **30%**.
- Developed reusable React components, reducing front-end development time by **40%**.
- Engineered responsive websites, improving mobile page load speed by **30%**.

TCS iON **Mar 2025 – May 2025**
Remote Intern *Pune, Maharashtra*

- Successfully completed a **125-hour remote internship** with TCS iON focused on the project **"Automate Detection and Recognition of Grammatical Errors."**
- Applied **Natural Language Processing (NLP)** concepts for automated grammatical error detection and recognition, gaining practical experience in **text analysis and language processing**.

EDUCATION

Bsc(cs) (6.71/10) **2022 – 2025**
Vishwakarma University *Pune, Maharashtra*

Msc(Cs) (Sem II - 8.73/10) **2025 – 2027**
Vcacs - SPPU University *Pune, Maharashtra*

CERTIFICATIONS

- Completed the **Full Stack Java Developer** certification. View Certificate
- Completed the **Big Data Analytics -Advanced** certification. View Certificate
- Completed the **Machine Learning for Real World Application** certification. View Certificate
- Completed the **Generative AI** certification. View Certificate
